

## NEIGHBORHOOD & PEDESTRIAN SAFETY

### NEIGHBORHOOD SAFETY

- New neighborhood? Invite a neighbor or take a dog with you!
- Know where the closest public transit routes are
- Don't carry much with you (no big purse or unnecessary items in your pockets)
- Study or carry a map with you (paper or on your phone)

### Have these numbers on hand:

- Crime Tips: 720-913-STOP
- Gang Hotline: 720-913-1339
- Denver Help Services (non-emergency): 311 and 211
- Friend's Phone Number & Taxi Service

### PEDESTRIAN SAFETY

#### Be safe and be seen: make yourself visible to drivers

- Wear bright/light colored clothing and reflective materials.
- Stand clear of buses, hedges, parked cars or other obstacles before crossing so drivers can see you.
- Avoid darting at risk of surprising vehicles.

#### Be smart and alert: avoid dangerous behaviors

- Always walk on the sidewalk; if there is no sidewalk, always walk against traffic so you can see and be seen.
- Stay sober; walking while impaired increases your chance of being struck.
- Don't assume vehicles will stop; make eye contact with drivers; don't just look at the vehicle. If a driver is on a cell phone, they may not be paying enough attention to drive safely.
- Don't rely solely on pedestrian signals; look before you cross the road.
- Be alert to engine noise or backup lights on cars when in parking lots and near on-street parking spaces.
- Avoid texting while walking / especially on or near an intersection.
- Do not use mobile phone or headphones while crossing an intersection.
- Walk in well-lighted areas when walking at night.
- Bring flashlight or headlamp when walking at night.
